

Curious to know more about how BMB could optimize your Anesthesia Billing?

BMB will capture all your time elements when billing Anesthesia.

The BMB Difference

- Personal relationship with your biller
- Immediate response with real time follow-up to patient and provider inquiries
- Text and E-Statements to reduce payment time
- In-depth reporting helps you understand your business

3550 Parkwood Blvd, Frisco, TX 75034
(855) 806-8440 | info@blitzmedical.com

“I never imagined I could receive concierge service as an individual CRNA, but the team at Blitz is so detail oriented and they provide me with more information about my business than I ever had before.”
Mike M., CRNA

“My collections immediately improved with BMB, but what was better is how much easier they made it for me to get paid. They follow up with with patients, communicate with front desk, and reconcile to my bank statement every month. I hardly have to lift a finger.”
Kim D., CRNA

“I think what makes us different is that when one of my Anesthesiology clients calls to ask a question about their business performance, I’m going to drop everything to investigate. Nothing’s better than being able to answer a difficult question that helps them solve a problem and I know other billing companies where I’ve worked don’t do that.”
Amanda S., CRNA Billing Specialist
